DIRECTORY OF PUBLISHERS

All the Publishers have been invited to send us their Telegraphic Addresses and Telephone Numbers. Those sent will be found below between square brackets [ ], and separated from each other by a semicolon (;).

This list of Publishers, with their Addresses, has been principally compiled with a view to supplying information regarding the books in English Catalogue, Vol. VII. This will explain the inclusion of many firms in the list who can scarcely, in the strict acceptation of the term, be called Publishers, since the publication of books forms only an occasional portion of their business.
